

Program Director guide

Program Directors run one program in the league. You tell the league when and where your program can host games, keep your teams and venues up to date, and approve schedule changes that involve your teams. You only ever see and change your own program.

Getting started

Signing in

1. Open the league's web address in any browser, on a computer or a phone.
2. Enter the **username** and **password** your league sent you, then **Sign in**.
3. The first time, you'll be asked to choose your own password. It needs at least 10 characters, including a letter and a number.

A screenshot of the Winter League sign-in page. At the top, there is a logo consisting of a blue hexagon with a white snowflake inside, followed by the text "Winter League" in a bold, dark blue font. Below the logo, the heading "Sign in" is displayed in a bold, dark blue font. Underneath the heading, a line of text reads "League scheduling for program directors, coaches, and officials." in a smaller, grey font. The form contains two input fields: "Username" and "Password". The "Password" field has a "Show" button to its right. Below the input fields is a large, dark blue button with the text "Sign in" in white. At the bottom of the form, there are two links: "Forgot username" and "Forgot password", separated by a small dot.

The sign-in page

Forgot something? Under the sign-in box, **Forgot username** emails you your username, and **Forgot password** emails you a link to set a new one. The link works once and expires after an hour.

Finding your way around

- **On a computer**, the main pages run across the top. Everything else is under your name in the top-right corner.
- **On a phone**, tap your initials in the top-right corner. The menu is organised into sections, and **Help**, **Change password**, and **Sign out** are always at the bottom. Tap anywhere outside the menu to close it.

The menu on a phone

A small dot on your initials, or a number next to **Requests**, means something is waiting for you.

Good to know

- **All times are Pacific Time**, whatever time zone your phone or computer is set to.

- **Closing the browser tab signs you out.** You can also choose **Sign out** from the menu. On a shared computer, always sign out.
- **This guide** is always under **Help** in the menu, and you can download it as a PDF from the top of this page.

Your dashboard

Get your program ready lists what the league needs from you before it can build the schedule, and ticks each item off as you finish it. Once the schedule is published, the dashboard shows your upcoming games.

The screenshot shows the 'Winter League' dashboard for a Program Director named Misty Saucedo. The top navigation bar includes links for Dashboard, Schedule, Requests (with a notification badge), Gym slots, Blackouts, Venues, and Teams. The main content area is titled 'Good morning, Misty' and 'Program Director for Glencoe Youth Basketball'. It features a section for the 'Active season' (Winter 2026-27) and a 'Get your program ready' checklist with 6 items: Add your gyms, Add map coordinates to every gym, Add your teams, Assign a coach to each team, Enter weeknight and weekend game slots, and Mark blackout dates. Below this is an 'Upcoming games' section showing 48 games for the program, published on Sep 21. A table lists the first game on Nov 5 at 6:30pm-7:30pm between Forest Grove 7th Girls and Glencoe 7th Girls. Buttons for '2 open requests', 'Full schedule', and 'Change requested' are also visible.

A director's dashboard

Venues and courts

Menu → **My program** → **Venues** → **Add venue**. Add each gym your program can host games in, with its address and **map coordinates** (latitude and longitude). The coordinates let the league keep travel reasonable for visiting teams.

Each venue has one or more **courts**. Type a name in **New court name** and choose **Add court**. Gym slots are entered per court.

The gym slots week board

Category	Used for
Practice	Your own practices. The league never schedules games here.
Weeknight game	League games on a weeknight, e.g. 6:30–9:00 PM.
Weekend game block	A longer block, e.g. Saturday 9:00 AM–3:00 PM, split into several back-to-back games.

Adding gym slots

1. Choose **Add gym slots** (or the **+** on any day).
2. Pick the court, date, start and end time, and category.
3. To add the same time every week, tick **Repeat every [day]** and choose **Repeat through** (the last date). With **Skip blackout dates** ticked, dates that fall in a blackout are skipped, and the app lists any dates it skipped.

Add slot

Adding gym slots

Use the arrows, **This week**, or **Go to** to move between weeks, and the category buttons to show one kind of slot. Open a slot to edit or delete it. For a repeating slot, **This and following** deletes it and every later week.

A slot that already has published games in it can't be changed or deleted, and its card says how many games are scheduled. Ask the league admin to move those games first.

Blackout dates

Menu → **My program** → **Blackouts**. Add dates your program, or one of its venues, can't be used: holidays, school events, building closures. Gym slots on those dates are shown hatched and aren't used for games. Removing a blackout makes them available again.

Blackout dates

Days a gym can't be used. Gym slots on these dates are kept but marked blacked out, and weekly repeats skip them.

Add blackout

Nov 26 – Nov 28 2026	Thanksgiving All venues - 2 slots affected	Edit Remove
Dec 21 – Jan 3, 2027 2026	Winter break — buildings closed All venues - 8 slots affected	Edit Remove

Blackouts

If you add a blackout after the schedule is published and it covers games already scheduled, the app tells you how many, and the league admin sees them flagged to move.

The schedule

Menu → **League** → **Schedule**. **My program** shows your teams' games; **Whole league** shows everyone's. Filter by division, program, or team.

The published schedule

Final scores

After a game, you or a coach of either team enter the final score. On **Schedule**, played games have an **Enter score** button from tip-off on game day; tick **Needs a score** to see the ones still waiting. Your dashboard says how many of your program's games need scores.

Enter each team's points, an optional note (e.g. *Forfeit*), and **Save score**. The other team's coach and director are emailed, and every entry or correction shows in both programs' Activity. Use **Edit score** or **Clear score** to fix a mistake. The [Coach guide](#) has screenshots of each step.

Change requests

When a game needs to move, anyone involved can ask. **Request change** on a game lets you either **move this game** to another open time or **swap** it with another of your program's games. Only times that fit every scheduling rule are offered.

Every request follows the same path:

1. **Your approval**, if one of your coaches asked.

3. **The league** gives final sign-off, and the change is applied.

Menu → **League** → **Requests** shows every request involving your program. The number on **Requests** is how many are waiting on you.

- **Endorse:** approve your own coach's request so it moves to the other program.
- **Agree:** accept another program's request involving your team.
- **Deny:** turn it down, with a short note explaining why.
- **Withdraw request:** cancel a request your program made, while it's still open.
