Referee guide

Winter League tells you which games you're working, where they are, and who you're working with. On game day you check in from your phone at the gym, which is what gets you paid.

Getting started

Signing in

1. Open the league's web address in any browser, on a computer or a phone.
2. Enter the **username** and **password** your league sent you, then **Sign in**.
3. The first time, you'll be asked to choose your own password. It needs at least 10 characters, including a letter and a number.

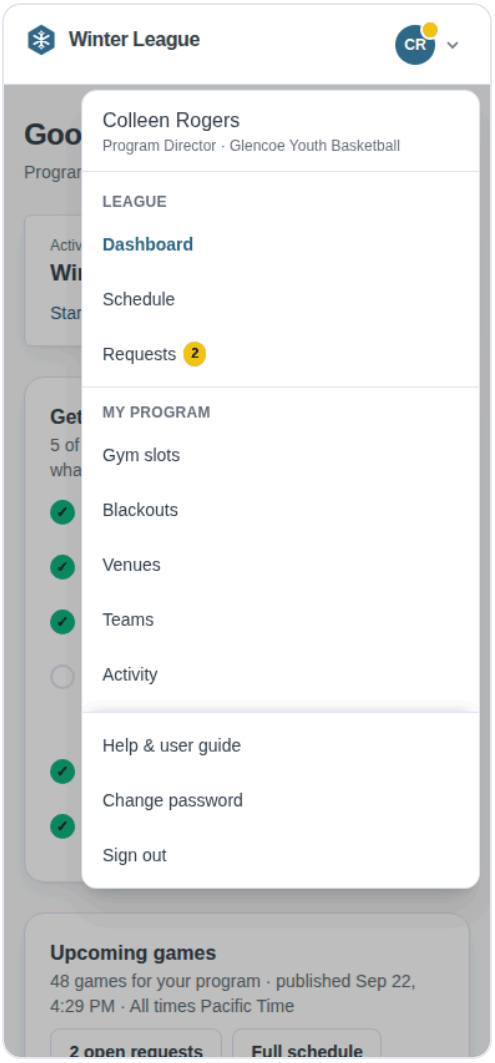

The sign-in page

Forgot something? Under the sign-in box, **Forgot username** emails you your username, and **Forgot password** emails you a link to set a new one. The link works once and expires after an hour.

Finding your way around

- **On a computer,** the main pages run across the top. Everything else is under your name in the top-right corner.
- **On a phone,** tap your initials in the top-right corner. The menu is organised into sections, and **Help**, **Change password**, and **Sign out** are always at the bottom. Tap anywhere outside the menu to close it.

The menu on a phone

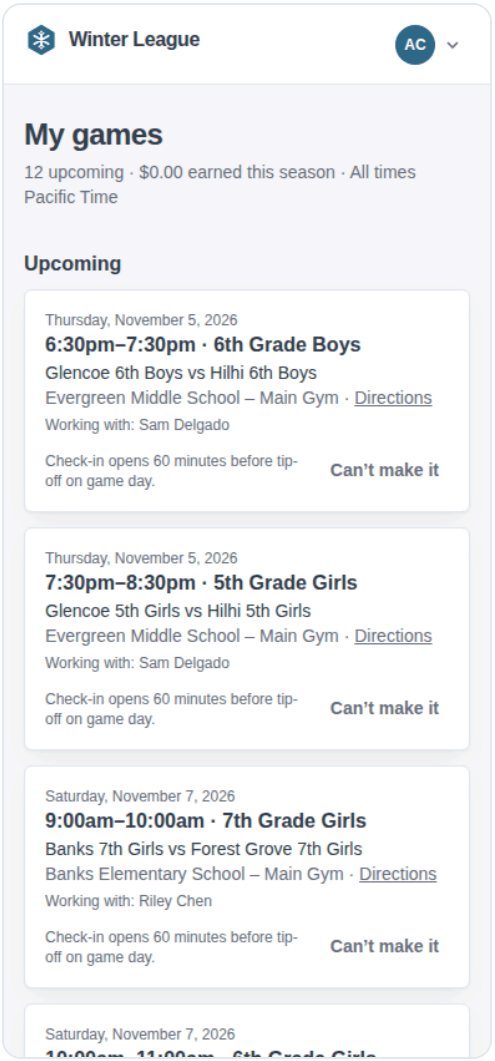

A small dot on your initials, or a number next to **Requests**, means something is waiting for you.

Good to know

- **All times are Pacific Time,** whatever time zone your phone or computer is set to.
- **Closing the browser tab signs you out.** You can also choose **Sign out** from the menu. On a shared computer, always sign out.
- **This guide** is always under **Help** in the menu, and you can download it as a PDF from the top of this page.

My games

Menu → My games. Your upcoming games, each with the date and time, the division and teams, the gym and court, a **Directions** link, and who you're working with. The top line shows how many games you have and what you've earned this season.

My games on a phone

You'll get an email whenever you're put on a game, taken off one, or a game you're working moves.

Checking in on game day

Check-in opens **60 minutes before tip-off** and closes **3 hours after**. When it's open, a **Check-in is open** card appears at the top of My games.

1. At the gym, choose **I'm here: check in**.
2. Your phone may ask to share your location. That confirms you're at the gym, but check-in still works if you say no.

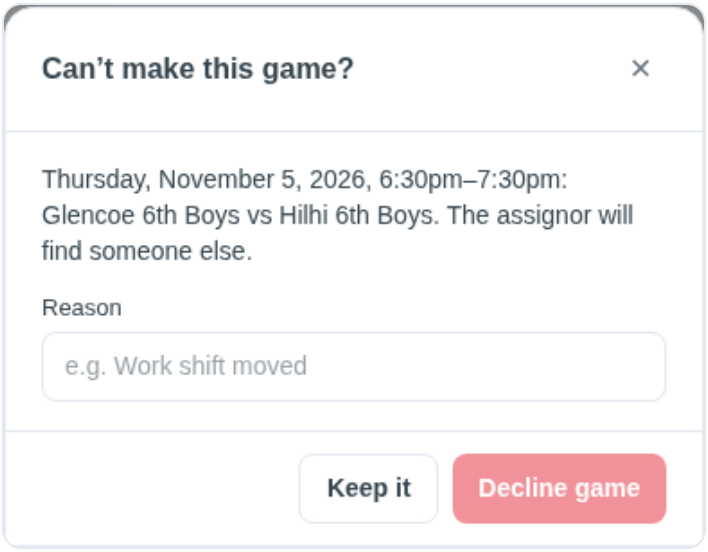

Checking in

Checked in appears on the game, and it counts toward your pay. If you couldn't check in, let the Referee Assignor know, and they can confirm you worked it.

Can't make a game?

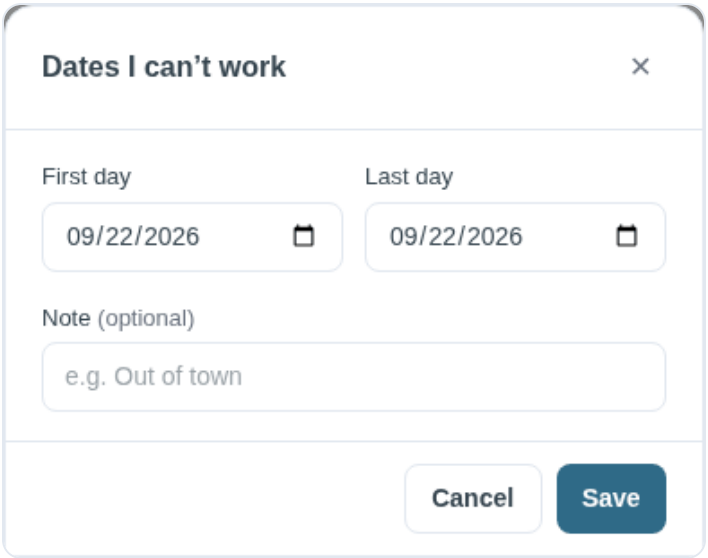

Before game day, choose **Can't make it** on the game, give a short reason, and **Decline game**. The assignor is told straight away and finds someone else. On game day itself, contact the assignor directly.

Declining a game

Dates you can't work

Under **Dates I can't work**, choose **Add dates**, pick the first and last day, and add an optional note (e.g. *Out of town*). You won't be assigned on those dates. If you're already on a game in that range, you'll be reminded to decline it, and the assignor is told. Choose **Remove** if your plans change.

Adding dates you can't work

Past games and pay

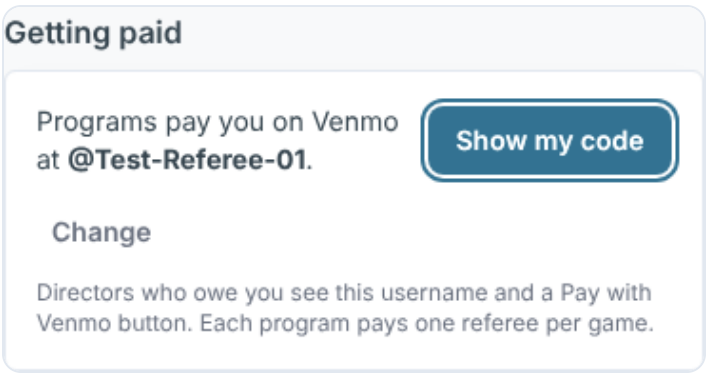

Past games lists the games you've worked, each marked **Worked**, **No-show**, or **Not confirmed**, with the pay for each worked game.

Who pays you. The programs pay the referees, one each: the home team's program pays Referee 1 and the away team's program pays Referee 2. Each upcoming game shows **Who pays you**: the program to expect payment from. If you were the only referee on a game, it shows both programs, *half each*. A guest team's club pays its referee the same way, and is marked *(guest)*. Payments are made outside the app.

Getting paid

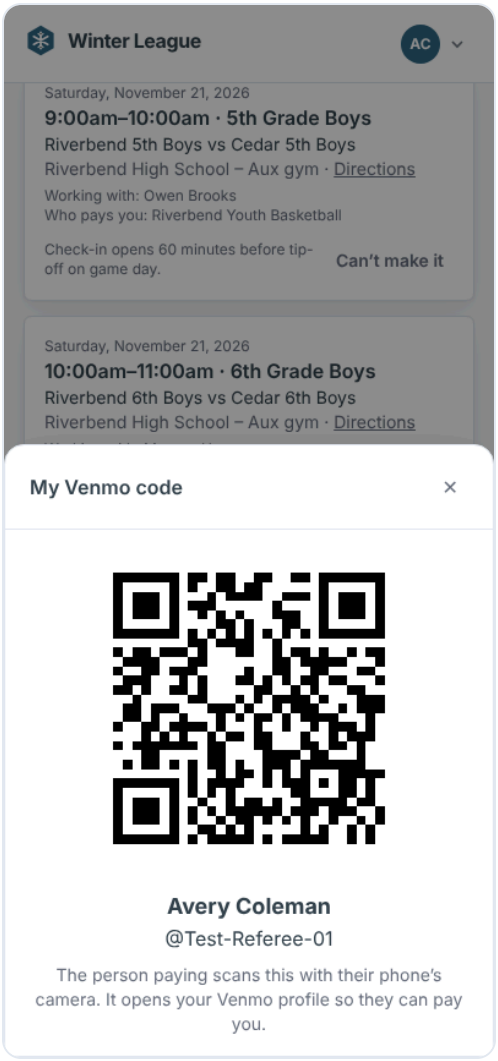

Programs pay you directly; no money moves through the app. The quickest way for them is Venmo.

Add your Venmo username. On **My games**, under **Getting paid**, choose **Add Venmo username**. Enter it as it appears in Venmo under your name (Me tab), without the @; you can also paste your Venmo profile link. Check it carefully: programs send money to this account. Directors who owe you see it, with a **Pay with Venmo** button. You're emailed whenever it changes, so if you ever get that email and didn't make the change, tell the Referee Assignor straight away.

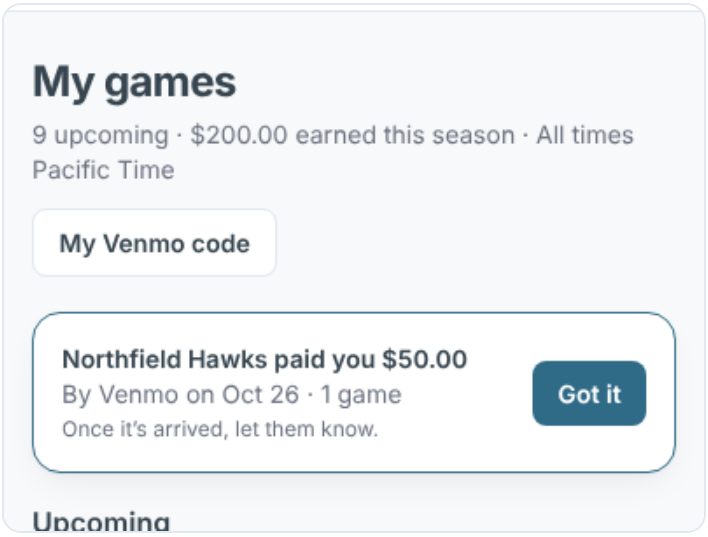

Getting paid

Your Venmo code. Choose **My Venmo code** at the top of My games (or **Show my code**). Hold it up and the person paying scans it with their phone's camera; it opens your Venmo profile so they can pay you.

Your Venmo code

When a program pays you, they mark it as paid and you get an email. Some programs prepay the Referee Assignor instead; then the assignor pays you, and the card says which programs' reserves it came from (one payment can cover games for several programs). A card at the top of My games shows who paid, how much, and how. Once the money has arrived, choose **Got it** so they know you received it. Paid games show **Paid** ✓ under **Past games**, and confirmed payments are listed under **Payments received**.

A payment to confirm

If a payment you were told about never arrives, contact that program's director or the Referee Assignor.
